IN CONTEXT

The following information will guide you in order to understand your tax bill, your assessment role as well as how to pay your tax bill.

ASSESSMENT ROLE

The property assessment role lists all the properties on the territory of the city. 2017 is the first year of a three-year assessment role for 2017, 2018 and 2019.

For any given property, the assessment role establishes its market value as of July 1st 2015. This assessment is used to calculate the municipal taxes of a property for the years 2017, 2018 and 2019. The real value of a property is established by taking into account the price that it would be justified to require by the owner and to pay by the buyer.

A NEW LOOK FOR YOUR TAX BILL !

In 2016, the City of Beauharnois proceeded to the implementation of new software.
